

LCD Handheld Digital Microscope

Item no:44310

The Celestron LCD Handheld Digital Microscope is a lightweight, portable microscope with a 2.4" color TFT LCD screen. A soft carry pouch is included so you can take it along on all your outdoor adventures. With an optical zoom of 1x to 3.7x and magnification up to 54x, it's great for viewing stamps, coins, bugs, plants, rocks, skin, gems, circuit boards, and more.

Use the built-in 3 MP digital camera to capture photos of your discoveries. Save them in the microscope's internal memory or add your own SD card to store up to 16 GB of photos. Connect the microscope directly to your Mac or PC to download your images.
